Dear Sir/Madam,

Can you help a Burton based charity?

The Footprints Family is a UK charity run by a small group of volunteers whose funding is reliant on contributions from supporters in the UK. We rescue, support and educate children and young adults in southern Kenya.

We are holding a Charity Ball on 12<sup>th</sup> October 2024 at Branston Golf and Country Club. This is a critical event for our continued existence and we are hoping that we can call on your generosity in our effort to secure excellent auction and/or raffle prizes.

Any donation, large or small, would be gratefully received.

We guarantee that every penny raised at our event will go directly to ensuring that The Footprints Family is able to continue transforming the lives and futures of children who would otherwise have no chance of escaping the poverty cycle.

If you could donate a prize please contact us via email; [vsr.footprints@gmail.com](mailto:vsr.footprints@gmail.com)
